#### ACKNOWLEDGEMENT

First and foremost, I thank God almighty for his eternal love and protection throughout the project. I take this opportunity to express my gratitude to all who helped me in completing this project successfully. It has been said that gratitude is the memory of the heart. I wish to express my sincere gratitude to our manager **Rev. Fr. Dr. Mathew Paikatt** and Principal **Dr. Lillykutty Jacob** for providing good faculty for guidance.

I owe a great depth of gratitude towards our Head of the Department Rev.Fr.Dr. Rubin Thottupurathu Jose for helping us. I extend my whole hearted thanks to the project coordinator Rev.Fr.Dr. Rubin Thottupurathu Jose their valuable suggestions and for overwhelming concern and guidance from the beginning to the end of the project. I would also like to express sincere gratitude to my guide, Ms.Navyamol K T for her inspiration and helping hand.

I thank our beloved teachers for their cooperation and suggestions that helped me throughout the project. I express my thanks to all my friend s and classmates for their interest, dedication, and encouragement shown towards the project. I convey my hearty thanks to my family for the moral support, suggestions, and encouragement to make this venture asuccess.

#### **ABSTRACT**

Payroll Management System is designed to make the existing manual system automatic with the help of computerized equipment and full-edged computer software, fulfilling their requirements, so that their valuable data and information can be stored for a longer period with easy access and manipulation of the same. Payroll Management system aids in the streamlining and centralization of your company's wage payments. The software calculates salaries, tax deductions, incentives, and bonuses on its own, sorting outpayment and deduction issues and digitally recording them in its database.
